March 27, 2014 3:30 p.m. update

The U.S. Environmental Protection Agency and the U.S. Coast Guard were on site at the BP Whiting Refinery today to oversee a third day of cleanup operations following an oil spill into Lake Michigan that BP reported on March 24, 2014.

Due to inclement weather, Shoreline Cleanup Assessment Team crew boats will not be deployed today. The crews will be deployed on Friday, weather permitting.
